Say NO to plastic bags this World Environment Day at Wollongong Central

Inspiring our visitors with Ways to Save the Environment as we celebrate World Environment Day

Wollongong Central will play host to a range of inspirational and educational activities in conjunction with World Environment Day on the 5th of June and running through to Sunday 15 June at its inaugural *Ways to Save* expo.

As part of Wollongong Central's commitment to operate in a sustainable manner, *Ways to Save* is an environmental awareness event that we hope will help our communities to reduce their impact on the natural environment.

"With activities for all ages, we encourage you to visit us over the next two weeks and join us in making a difference at home, work or play as we share tips on how each one of us can reduce our impact on the environment," said Wollongong Central's Senior Marketing Manager, Jennifer Di Bartolomeo.

To commemorate World Environment Day, Wollongong Central is holding a 'Plastic Bag Free Day,' encouraging all customers to rethink taking a plastic bag. To thank customers for their efforts, Wollongong Central will be providing visitors to the Centre with reusable bags filled with loads of practical tips on how to save.

Throughout the two week period, customers who do have plastic bags are invited to bring them to the Customer Service Desk (where they will be placed into our plastic bag recycling bin) where they will go into the draw to win an ASKO 4.5 star energy and 4 star water rated washing machine plus a year's supply of Orange Power 4x concentrated enzyme laundry liquid.

The *Ways to Save* expo is being supported by Wollongong City Council, Blue Scope Water, Futureworld, Enjo and Wollongong Central retailers.

For further details on all the exciting activities being held at our *Ways to Save* expo visit www.waystosave.net.au
